A skills competence for 9th graders

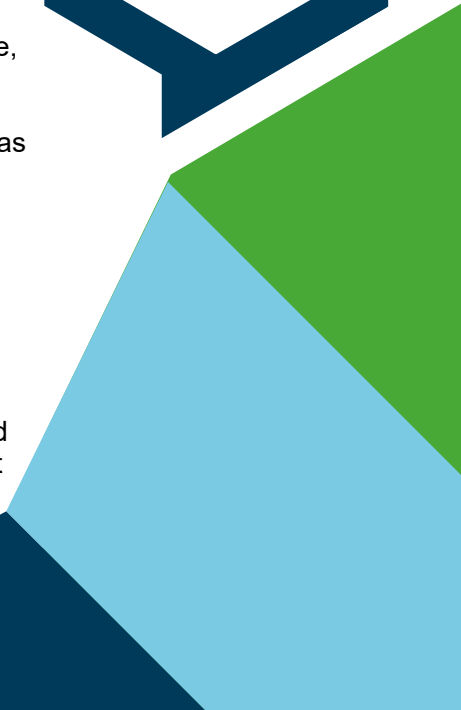

## Come and #enjoyyourwork in Pori

Pori will be brimming with the skilled professionals of today and the future **16th - 19th May 2022**. Taitaja is the largest vocational education event in Finland, bringing together the most skilled vocational students under the age of 21 to compete for the national championship in their field of study.

In this event, held in Satakunta for the first time, there will be **500 contestants** in altogether **50 skills categories and demonstrations**. In addition there are categories with no age limit as well as **TaitajaPLUS** competitions for students with special needs. For those finishing their path in basic education there is the **Taitaja9** competition where craft skills and technical knowledge will be on stake.

During the event days the visitors get to know the future of work through inspiring and entertaining seminars, presentation stands and other side events. The Taitaja event is the best meeting point for students, teachers and working life and it's open for the public free of charge.

**Welcome!**
